## 2024 Programs & Services Chart

The Academic Resources Program is our main program which serves the most students across our programs and services. College and Career Track, Tutoring Services, Educational Consulting and Counseling Service, and Writing Services are not included in this chart because students did not directly utilize these educational programs and services in 2024.

## **Mission Impact**

***Mission: To provide educational resources to k - 12 students in San Antonio public schools who lack the necessities for academic success***

This section gives insight into what is important to A+ Academic Resources and shows the impact our programs and services have on mission accomplishment. The organization's programs and services are consistent with its mission and tax-exempt purpose. As indicated below, our programs are striving to significantly impact the communities we serve.

### **Academic Resources Program**

The Academic Resources Program provides academic resources such as (a) school uniforms, (b) gym shoes, (c) backpacks, (d) books, and (e) school supplies for children to go to school and learn. These resources are provided to children in need. Beneficiaries are students attending public schools, from K - 12 grades. The Academic Resources Program is our main program. A total of **\$506** was used for this program which gave educational resources to **25** students.

### **Snacks & Meals Program**

Our donors gave **\$954** to provide snacks and meals to **95** students in San Antonio public schools.

### **Funding the Mission**

Fundraising is mandatory for nonprofit organizations since they rely heavily on in-kind donations to obtain needed resources to provide mission-essential programs and services to those in need. The A+ Academic Resources Board and Staff gave **\$1,460** and raised **\$0** to fuel the organization's mission, programs, and services. The organization provided **\$1,460** in programs and services to **120** students. We will continue to invest our time, talents, and treasures to provide academic resources and educational experiences to achieve students' academic success. Additionally, we will secure private sector funding through the development, articulation, and evaluation of grant proposals including local, state, and national foundation and corporate grants. These diverse revenue streams will enable us to accomplish more mission.

In 2024, **100%** of funding went to mission accomplishment. The Board and Staff absorbed all over-head costs such as (a) office supplies, (b) marketing, (c) professional development, (d) professional memberships, (e) technology, (f) transportation, (g) traveling expenses, and (h) uniforms. As nonprofit law mandates, Board members of A+ Academic Resources serve without pay and benefits. Staff members of the organization serve as volunteers who do not receive pay and benefits; this includes dental and medical insurance benefits and education benefits. This allows all funding to fuel A+ Academic Resources mission-linked programs and services.

## More Mission

In 2025, A+ Academic Resources vows more Mission. We are working to secure more funding sources to support our programs, chiefly the Academic Resources Program. The Board and Staff will continue to financially support A+ Academic Resources. Per the youth organizations we proudly serve, A+ Academic Resources has made a remarkable difference in the San Antonio community. Our community partners can depend on us to continue providing vital programs and services to best meet student needs. A+ Academic Resources stands ready to give our best for the wonderful children in our community. We serve disadvantaged children in 4 youth organizations by meeting their educational and practical needs. A+ Academic Resources aims to *share the love of Jesus Christ* by meeting the needs of youth who need us the most. We do this by continuing to offer our mission-linked programs and services to children 24/7/365. Our brand is Love.

“Dear Ms. Adriene R. Walker,

How wonderful you are! That you have taken the time to support CASA and our work is so greatly appreciated. We are grateful beyond measure. In 2024, we celebrated 40 years, commemorating the thousands of lives that have been changed because of generous donors like you. Our newly renovated campus has expanded the programs and activities we provide for our children and advocates with a library, art room, teaching kitchen, shop, and upgraded playground. We appreciate your commitment to the children we serve.

Your support of CASA helps children and youth. Youth who would otherwise age out of foster care with no life skills or plans are receiving the mentorship, encouragement, mental health services and information they need to consider and pursue a post high school education. Young children will have a trusting adult in their lives, one who will be there not only when they feel alone or scared, but when they celebrate a birthday or win a volleyball game.

You are giving children in foster care what they deserve: access to education, access to mental and physical health care, someone to listen and amplify their voices in the courtroom, the chance to play, and, most of all, the opportunity to truly be a child.

We can never thank you enough for the love and care you are giving to the children of Bexar County. With deepest appreciation, Thank you, Adriene!”

- Angela White, President & CEO and Blair D. Ortmann VP of Mission Advancement

As a Christian nonprofit organization, we aim to share the love of Jesus by meeting the educational needs of disadvantaged youth. By showing loving-kindness to these "precious babies", we are in alignment with God's Word. In Matthew 25: 35 - 40, Jesus says that we "do it for Him" when we provide drink, food, clothing, shelter, lodging, and ministering care to others.

## Mission Partners

The A+ Academic Resources Board and Staff thanks our **61** resolute mission partners for their distinguished service and devotion to our mission. As we continue to work together for student academic success, we will cross state lines and international borders to make an extraordinary difference in the educational foundation of students worldwide. Ultimately, we can produce a remarkable global educational transformation for students by providing academic resources to meet their needs. A+ Academic Resources continues to grow as family, friends, and community partners share our Mission and give resources to make student academic success possible. By God's grace, we are empowered to serve for His glory.
